Have a Plan!

- Don't set up your page and never post to it. Just because you build it doesn't mean they'll come!
- Think about everything going on with your Auxiliary or Department in the next three months and develop a plan/schedule for posts. List them out on a calendar so you can see what's coming up.
- Include your Facebook address on all of your marketing materials (i.e. flyers, brochures, posters, business cards, etc.) so people know how to find you online.

Posting Etiquette – How to respond to a negative post/comment

People get upset sometimes and they might vent their transgressions on Facebook. While you can't prevent someone from posting something negative on your page, you CAN respond properly. Here's some ways to address negative posts/comments:

- **DO** delete a comment if it's obscene, inappropriate or abusive.
- Do **NOT** ignore or delete negative comments such as
 - "The Post and Auxiliary don't do anything in this town for veterans or their families."
 - "That bike ride was a waste of time. I don't even know what they did with my money."
 - Instead, respond by offering an apology and a solution or information.
 - When responding, use "**we**", not "**I**".

Posting Etiquette – How to respond to a negative post/comment

Possible Negative Comment:

- The Post and Auxiliary don't do anything in this town for veterans or their families.

Possible Response:

- We're sorry that you think we don't do anything in this town for veterans or their families. So far this year we've had three events and we've raised \$2,500 for scholarships, emergency assistance for clothing, food and shelter, and drove more than 300 miles taking veterans to doctor's appointments. We encourage you to view our event photos to see our Auxiliary in action.
