

Since I've committed to running for VFW Auxiliary National Guard, I've felt relieved and energized to continue helping our organization grow and serve. I've been blessed to receive my department's endorsement. I've consulted mentors, spent many hours discussing the obligation with my family, and prayed for guidance. I've weighed many considerations and am confident that I will help our organization by serving in this capacity to honor our nation's heroes, serve their families and our communities.

- Kim

I've been inspired by my brother, a Marine, that needed support for his family while he was away. There were no resources to help them. I never want another family to feel the way he felt then.
